Unacceptable Appeal Brief

The arguments presented in the Brief, filed on 07/28/2,004, do not address the rejection

mailed on 04/15/2,004. In fact, the Applicant's arguments are based on a 103 Rejection in which

the claimed invention is said to unpatentable over Goldman in view of Scroggie. However, the

Scroggie's reference was removed from the present Office Action. Therefore, the present

arguments are null and void. Applicant is required to withdraw the current arguments and submit

new arguments directed to the current Office Action, as it now stands, before an Examiner's

Answer can be issued. A short statutory period (30 days or a month) is herein being given to

respond to this correspondence.
